We have so many talented people!

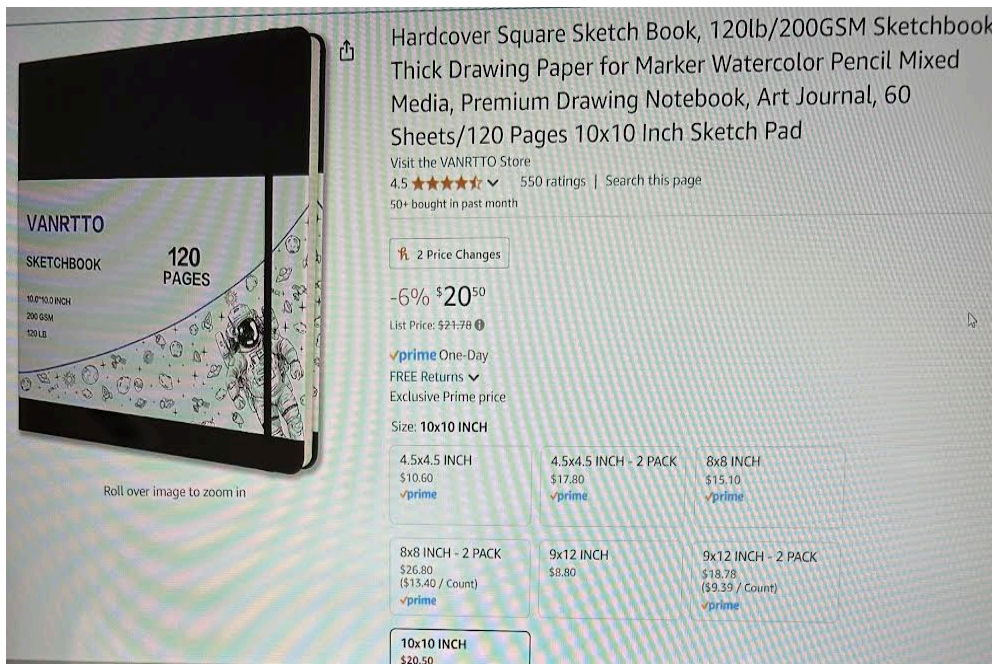

For those who missed our HVGC meeting this past Tuesday, 9/10.....here are a few of the bookmarks & wind chimes that were created.

Some members asked what I used to dry my leaves & blossoms, since they held their colors so well. I purchased (2) of the 10"x10" books below, from Amazon. A few members also contributed beautiful, dried blossoms & leaves, as well, Thank you.

One of my books is still full of all types/colors of leaves, plus ones that members provided many months ago, for our October craft – Pumpkins with dried flowers & leaves.

Harry Landers will also be our October Guest Speaker, then we will decorate pumpkins for Fall, using compostable glue and Fall colored leaves & blossoms.

Lastly, attached is our 2024 Calendar for those who may have lost their hard copy. Shelley & I are working on completing the 2025 calendar and will hand out hard copies soon.

Remember to attend our next Coffee Chat on Tuesday, September 24th in Leona's backyard at 10:00 AM (notice the time, NOT 9:00 AM)

Hostesses for our October 8 meeting, at the church are: Karen Burmester, Julie Lund & Sandy Ahlquist

Looking forward to seeing you soon at Leona's.....her yard is always a treat!!!!

Sandy & Shelley
