HV Park Plans

At a Happy Valley Park Commission meeting in February plans for completion of the park master plan were discussed. Federal Matching Funds have been obtained to help in the next developmental stages of the park. This spring new installation will include: swing sets, a climber bar for younger children, and two basketball hoops and backboard. Also in the immediate plans are picnic tables and barbecue units along the creek area and a footbridge across the creek. Footpaths will also be added.

The horse arena is to be moved to the south side of the creek where new paths will be installed. The commission has applied for Federal Funds to install curbs and add more trees to the park. The park will be mowed regularly this spring and summer. Next item is tennis courts. These are unfunded at the moment.

Adults and youth groups are being encouraged to help in landscaping the park. New landscaping will be coordinated by the Garden Club. Those interested in helping are asked to call Garden Club President Jerry Schmidt at 658-3446.
